6. As agreed by the GovFSM and the Association, this ESCP may be revised from time to time during PPA implementation, to reflect adaptive management of PPA changes and unforeseen circumstances or in response to assessment of PPA performance conducted under the ESCP itself. In such circumstances, GovFSM or delegate(s) will agree to the changes with the Association and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters signed between the Association and the GovFSM or delegate(s). The GovFSM will promptly disclose the updated ESCP.
