

# What is TVET?

Technical and Vocational Education and Training (TVET) encompasses a wide range of educational and training opportunities, spanning formal, non-formal, and informal methods. It aims to equip individuals with the practical skills and knowledge required for specific professions across various economic sectors. These programs are delivered in both academic and workplace settings, with a primary focus on preparing students for careers in different industries.

# Benefits of TVET

- Enhanced employment prospects:** TVET empowers individuals with the skills and knowledge necessary to secure and thrive in high-quality employment.
- Increased earning potential:** TVET graduates often have the potential for increased earnings compared to those without qualifications.
- Heightened job satisfaction:** TVET graduates tend to experience higher job satisfaction compared to those without qualifications.
- Elevated productivity:** TVET contributes to the development of a highly skilled workforce, fostering increased productivity and economic expansion.
- Poverty reduction:** TVET plays a crucial role in reducing poverty by providing individuals with the necessary skills and opportunities for quality employment through skills development, reskilling, and upskilling initiatives.

# Cultivating a brighter future with TVET

TVET provides a pathway to a more promising tomorrow. It equips individuals with the skills and knowledge essential for securing and excelling in high-quality employment, nurturing entrepreneurship, and advancing careers. By investing in TVET, one can unlock a world of boundless opportunities.

TVET is the Smart Choice for the Future:

- **Skill Development:** Acquire the practical skills necessary for success in your chosen career.
- **Career-Oriented:** Prepare for a rewarding job with TVET.
- **Hands-On Learning:** Engage in real-world experiences that prepare you for the workplace.
- **Flexibility:** Choose a program that suits your needs, from entry-level to advanced.
- **Global Certification:** Earn valuable credentials globally recognized.
- **Industry Collaboration:** Learn from experts and gain the skills demanded by employers.

## PROJECT DESCRIPTION

The FSM Skills and Employability project is dedicated to revitalizing vocational education and skills training on a national scale while broadening employment search assistance services. Over the next five years, SEEP will provide financial and technical assistance to Kosrae, Pohnpei, Chuuk, and Yap, with the aim of improving the accessibility, quality and relevance of vocational education, skills training and employability prospects for the nation’s youth. The project places primary emphasis on the following core areas:

### Equitable Access to Education

To ensure equitable access to TVET with a performance-driven inclusive approach for all eligible youth, including those experiencing economic hardship and vulnerability, women, individuals with disabilities, and geographically disadvantaged groups, the project will:

- Provide financial support to students
- Enhance the availability of high-quality skills training by providing performance-based grants to selected schools
- Launch outreach and information campaigns specifically tailored to vulnerable groups to raise awareness about the benefits and opportunities provided by TVET

### Skills Mastery

SEEP is committed to enhancing the quality and relevance of TVET through the establishment of a national flagship training institution, the development and delivery of market-relevant curricula, trainer development, and the implementation of independent testing and certification.

- Establish the FSM Skills Academy
- Design and implement high-quality training for TVET master trainers and trainers
- Develop market-driven TVET curricula
- Establish the national skills assessment and certification unit and train assessors

### Crafting Pathways to Success

By enhancing access to labor market information, establishing professional student career counselling services, the project aims to provide effective career search support for FSM’s youth, enabling them to explore viable career opportunities.

- Conduct a comprehensive labor market assessment and enhance the government’s capacity for regular updates
- Provide enhanced job search assistance and support
